

UCLA SURVEY RESEARCH CENTER

THE LOS ANGELES METROPOLITAN AREA SURVEY
L A M A S

The Los Angeles Metropolitan Area Survey, initiated in the Spring of 1970, is a shared-time omnibus survey of the Los Angeles County public, repeated twice a year. LAMAS enables research investigators from university campuses and governmental agencies in Southern California to obtain data from a representative sample of 1,000 Los Angeles County households in a far more efficient and economical fashion than would be possible were each researcher to conduct an independent survey.

Costing for LAMAS is on a per question basis; the contributing researcher receives the results pertaining to his specific questions plus background data. Shared-time omnibus surveys are not only economical; by reducing the number of independent surveys in the field, this strategy can help minimize the strains aroused in communities which feel they have been over-surveyed.

Although each survey will be designed to meet the varied needs of contributing researchers, an important LAMAS goal is the development of a set of standard "community profile" measures appropriate for use in studies connected with the planning and evaluation of public policy and action programs. The social profile variables include attitudes and perceptions of living conditions in the neighborhood and of its program needs. A predominant theme in the Center's contribution to the instruments is the selection and design of questions for "tracking" the development and course of social problems and the impact of public policy on the community. The Center's goal is to develop new methodologies for long-term tracking of social problems and programs in the highly-differentiated sub-communities which comprise the contemporary American metropolis. Thus, LAMAS provides an opportunity to investigate specific trends in Los Angeles County.

In addition to trend studies of attitudes and behaviors, LAMAS provides for panel studies of sub-samples of the population. In such studies, the focus is on the purposive construction of panels of respondents to permit more intensive exploration of key social problems than is possible either in a single survey or in analysis of trends in survey results.

If you or your colleagues would like to participate in this survey, or if you would like additional information, please contact -

Mr. D. Michael Walton
Chief of Operations

L A M A S

The UCLA Survey Research Center's Los Angeles Metropolitan Area Survey

SAMPLE: The sample of 1,000 will be chosen from a three stage cluster sampling of Los Angeles County. All data are collected in in-house, face-to-face interviews with responsible adults.

TIMING: LAMAS goes into the field in early Spring and early Fall of each year.

COSTS:

1 question	\$ 500
2 questions	1000
3 questions	1500
4 questions	1950
5 questions	2350

\$375 for each additional

Surcharge for each free response or open ended question \$250

For the foregoing costs, the investigator will be given the following statistical output: frequency distributions ("marginals") of the results of the questions contributed by the investigator and cross-tabulations of these questions by sex, age, income, education, ethnicity or race, occupation and geographic area. Work decks with these raw data in the form of either punched IBM cards or tape can be provided upon request for a small additional cost. Statistical analyses including correlation, non-parametric tests, multiple regression and factor analysis can also be performed at the request of the investigator.

II

1. First I would appreciate your giving me some information about each person living here with you as a member of your household. Please name each person here who has no other home. List them in this order: Head of household, wife of head, unmarried children (oldest first), married children (oldest first), other relatives, friends and persons not related to head.

LIST IN COLUMN HEADED CURRENT HOUSEHOLD

Current household listing*	A. Relationship to head	B. Age	C. Sex	D. Marital Status if age 14+	E. If in school, grade?	F. Is this public (1) or private (2)?
1.	HEAD					1 2
2.						1 2
3.						1 2
4.						1 2
5.						1 2
6.						1 2
7.						1 2
8.						1 2
9.						1 2
10.						1 2
11.						1 2
12.						1 2

* CIRCLE NUMBER THAT REPRESENTS RESPONDENT

Now, I'd like to ask some questions about where you live.

2. ASK FOR LA CITY RESIDENTS ONLY:

What is this community called?

3. How long have you been living in (NAME OF COMMUNITY)?

less than 1 year 00
Yrs. _____

4. How many years have you lived at your present address?

less than 1 year 00
Yrs. _____

5. Do you own or rent this place?

own 1
rent 2
other 3
SPECIFY: _____

6. How do you feel about living in this area--would you say you are very satisfied, fairly satisfied, not too satisfied or not at all satisfied with living in this area?

very satisfied 1
fairly satisfied 2
not too satisfied 3
not at all satisfied 4
no opinion 0

7. Do you think of (NAME OF COMMUNITY) as your real home - the place where you really belong, or do you think of it as just a place where you happen to be living?

really belong 1
just a place 2

8. Thinking about all the things you do (besides working) - things you do in your free time, shopping, visiting - would you say you do most of these things:

in this community 1
not in this community? 2
half and half 3

9. How many organizations such as church and school groups, labor unions or social civic and fraternal clubs are you actively involved in?

none	0
one	1
two	2
three	3
four or more	4

10. On the whole, would you say that most of the people who live in (NAME OF COMMUNITY) are pretty much the same sort of person you are, or are they different from you in important ways?

different.....ASK A.....	1
pretty much the same.....ASK B	2
don't knowSKIP TO Q.11	8

A. In what ways are they different?

B. In what ways are they like you?

11. Is there anything about living in (NAME OF COMMUNITY) that particularly bothers you?

yes	ASK A.....	1
no	SKIP TO Q.12.....	2
don't know	SKIP TO Q.12.....	8

A. IF YES, What is that?

12. Do you plan to move within the next year?

definitely not move	SKIP TO Q.14.....	1
probably not move.....	SKIP TO Q.14.....	2
uncertain	ASK A & B.....	3
probably move	ASK A & B.....	4
definitely move ..	ASK A & B THEN SKIP TO Q.14.	5

A. Why do you think you might move?

B. Where do you think you might move?

13. If you had your choice, would you stay here or move?

move	1
uncertain	2
stay	3

14. Some people say the best kind of community to live in is one where everyone is pretty much alike - do you agree or disagree?

agree	1
neither agree or disagree	2
disagree	3

15. How many cars are available to members of this household?
(Include company cars, trucks, etc.)

none.....SKIP TO Q.16..... 0
NUMBER....ASK A... _____

As you may have heard some gas companies are offering a grade of gas without lead. Suppose you were driving down a city street and needed gas. There are two service stations where you could stop for gas. At one of them, you could get the grade of gasoline you need at 38.9¢ per gal. At the other, you could get the same grade of gasoline but free of lead at 41.9¢ per gal. What gas would you buy?

38.9¢ per gal..... 1
41.9¢ per gal..... 2
don't know 8

16. Card #1 in this booklet lists some problems that people often talk about. (HAND RESPONDENT BOOKLET) I would like you to look through these and select the three you think are most serious these days.
(CIRCLE ONLY 3 CODE NUMBERS BELOW)

unemployment 01
traffic 02
air pollution 03
crime and violence in the streets 04
poverty 05
availability of adequate housing 06
quality of local schools..... 07
public transportation 08
property taxes 09
race relations 10

17. Let's talk specifically about air pollution or smog. As far as you personally are concerned, do you feel it is a very serious, fairly serious, or not a serious problem?

very serious 1
fairly serious 2
not serious 3
don't know 8

18. Does air pollution or smog affect any of these things for you - -

	<u>YES</u>	<u>NO</u>	<u>DON'T KNOW</u>
Where the head of household works?....	1	2	8
Where you shop?	1	2	8
Price your home (apartment) would sell for?	1	2	8
How often you wash your car or have it washed?	1	2	8
Outside care and upkeep or your house (apartment)?	1	2	8
Reputation of neighborhood in which you live?	1	2	8
Housecleaning?	1	2	8
What you do outdoors in your spare time?	1	2	8

19. Speaking about the Los Angeles area would you say that smog is definitely worse in some parts of the area than others?

yes	1
no	2
don't know	8

20. Do you think air pollution or smog has reached a point where it is a danger for normal healthy people?

yes	1
no	2
maybe	3
don't know	8

21. What do you personally think are the main causes of smog or air pollution?

aircraft	1
auto exhausts	2
burning of trash	3
bus or truck exhausts	4
diesel trucks	5
industry and factories	6
oil refineries	7
other	8
SPECIFY _____	
don't know	9

22. Do you think there are any people or organizations doing important things to solve the air pollution problem?

yesASK A..... 1
 noSKIP TO Q.23..... 2

A. What person, groups or organizations, is that?

auto manufacturers 01
 citizens or interest groups 02
 federal government or federal agencies 03
 Governor or his office 04
 local or county agencies 05
 major oil companies 06
 other industries 07
 Ralph Nader 08
 state agencies 09
 state legislation or legislators 10
 universities 11
 other 12
 SPECIFY _____
 no one 00
 don't know 88

23. In your opinion, what can be done to reduce air pollution or smog?

careful study, research 01
 car pools 02
 control chemical and industrial wastes 03
 control burning of rubbish or garbage 04
 do away with gasoline engine 05
 educate public 06
 enforce law or pass new legislation 07
 filters, smoke-control devices 08
 find way to control auto exhaust 09
 move industry to suburbs or other areas 10
 rapid transit or public transportation 11
 other 12
 SPECIFY _____
 don't know 88

24. Many people disagree about who should be taking the lead in trying to reduce air pollution or smog. What do you think? (Who do you think should be doing it?) PROBE FOR ONE

The Federal Gov't in Washington.....	1
The State Gov't	2
The county, city, or region	3
Private industry	4
People like yourself	5
All the above	6
Other	7
SPECIFY _____	
Don't Know	8

25. The California legislature is trying to decide if cars should be inspected every year for smog emissions (waste coming from your car exhaust) Would you favor required annual inspection of cars for smog emissions?

yes	1
no	2
don't know	8

26. As you may know, the State Constitution says all gas tax money has to be spent for highway construction and upkeep. Would you favor spending some of that State gas tax money for:

A. Smog or air pollution research?

yes	1
no	2
don't know	8

B. Rapid transit?

yes	1
no	2
don't know	8

27. The following statements are sometimes made about gasoline and air pollution or smog. Do you believe them?

A. F-310 gasoline additive reduces air pollution?

believe	1
don't believe	2
don't know	8

B. Lead in gasoline produces air pollution that affects health.

believe	1
don't believe	2
don't know	8

C. Lead in gasoline increases the smog produced by auto exhausts.

believe	1
don't believe	2
don't know	8

Now I have some questions about local government -

28. City governments can provide many services and perform many different functions for their residents. I am going to show you several things that people sometimes tell us city governments should do. Turn to Card #2, then #3, etc. On each of these cards, will you please tell me which of the two items is the most important thing for the city government to do -

A. Protect the value of residents' property	1
Insure the physical security of residents	2
B. Protect the value of residents' property	1
Provide the best in services to community residents	2
C. Protect the value of residents' property	1
Run the government honestly and efficiently	2
D. Insure the physical security of residents	1
Provide the best in services to community residents	2
E. Insure the physical security of residents	1
Run the government honestly and efficiently	2
F. Insure the physical security of residents	1
Keep undesirable people from moving into the city	2
G. Provide the best in services to community residents	1
Run the government honestly and efficiently	2

29. Here is another list of services provided by local governments. (Turn to Card #9) Could you tell me, for each one, whether you think the service you get is worth the taxes you pay or not worth the taxes you pay?

	Worth	Not Worth
A. Police protection	1	2
B. Fire protection	1	2
C. Public education	1	2
D. Welfare	1	2
E. Parks and recreation	1	2
F. Pollution control	1	2
G. Sanitation	1	2

30. Some people say that it would be better if one metropolitan government provided all these services to all the people in the Los Angeles area. Do you think this is a good idea or a bad idea?

good idea	1
bad idea	2
don't know	8

A. Why do you feel this way?

31. There is alot of talk these days about police-community relations. What kind of job is your police department (county sheriff's dept.) doing in the area of police-community relations?

very good job	1
about average	2
very poor	3

A. Why do you feel this way?

32. In the past year, many communities around here have had special elections or referendums dealing with school bonds and school taxes. Do you know if there has been an election like this around here (in the past year)?

yes	ASK A.....	1
no	ASK B	2
don't know	ASK B	8

A. Did you happen to vote in such an election?

yes	1
no	2

(1) Were you in favor of increasing local school spending or were you against it?

in favor	1
against	2

(2) Why did you feel this way?

ASK ONLY IF "NO" OR "DON'T KNOW" TO QUESTION 32

B. If there were such an election this year, would you be in favor of increasing local school spending or would you be against it?

(1) Why do you feel this way?

IF CENSUS TRACT #5304 SKIP TO QUESTION 39

33. Sometimes cities hold referendums dealing with other issues such as zoning, municipal construction bonds, increases in city services or salary increases for city employees. Do you know if any issues like this have been put before the voters in (NAME OF CITY) during the past year?

yes	ASK A,B & C.....	1
no	SKIP TO Q.34	2
don't know	SKIP TO Q.34	8

A. Could you tell me what the issue was?

B. How did you feel about this issue?

C. Did you happen to vote in that election?

yes	1
no	2

34. Some people vote in city elections and other people don't get around to voting in them. Would you say you always vote in city elections, usually vote, sometimes vote or almost never vote?

always	1
usually	2
sometimes	3
almost never	4
not eligible	0

EXPLAIN: _____

35. In general, would you say that local elected officials, like city councilmen, do a good job of paying attention to residents. Other people say that local officials don't care what the average resident thinks or wants. How about you: do you think officials like the city councilmen pay attention to residents or don't they care?

pay attention, care	1
some do, some don't	2
don't care, don't pay attention	3
don't know	8

36. Do you know the names of any of your city councilmen?

yes.....LIST BELOW	1
no	2
lives in county...DO NOT ASK	0

37. In general, do you think the city government is run the way it should be, or not run the way it should be?

run the way it should be	1
in between	2
not run the way it should be	3
don't know	8

38. Some people tell us that there usually isn't anything they can do to affect what the city government does. Other people feel that they can influence what gets decided in this city if they want to. Do you feel that you can affect what gets done and what's decided by the city government, or not?

yes, can affect	1
sometimes, depends	2
no, can't affect	3
don't know	8

39. How interested are you in politics and government here in (NAME OF COMMUNITY)..
 Would you say you are:

- very interested 1
- somewhat interested 2
- not very interested? 3
- don't know 8

40. Where do you get most of your information about what is going on in
 (NAME OF COMMUNITY)? IF MORE THAN ONE GIVEN, NUMBER IN ORDER Please turn
 to Card #10.

- radio 1
- television 2
- L. A. Times 3
- Herald Examiner 4
- local community paper 5
- SPECIFY: _____
- family, friends, neighbors 6
- other 7
- SPECIFY: _____
- not interested in community news 0

41. There has been a lot of talk recently about desegregating public schools so that
 Negro, Mexican American and Anglo (English speaking Caucasian) children will attend
 the same schools - how do you feel about this, are you in favor or opposed?
 PROBE: How strong is your feeling?

- very favorable 1
- somewhat favorable 2
- undecided or indefinite ...SKIP TO Q.42..... 3
- somewhat opposed 4
- very opposed 5
- no response 9

A. Why do you feel this way?

42. Some parents believe that children would not get as good an education in desegregated schools, others feel that they would get a better education, and others don't think it would make any difference - How do you feel about this?

would get a better education	1
Anglo better, minority not as good	2
minority better, Anglo not as good	3
makes no difference	4
would not get as good an education	5
don't know	8
no response	9

43. Do you think teachers would have less difficulty teaching children in desegregated schools, have about the same difficulty, or have more difficulty?

less difficulty	1
more difficulty	2
about the same	3
don't know	8
no response	9

44. Do you think children would have less difficulty learning in desegregated schools, more difficulty, or about the same?

less difficulty	1
more difficulty	2
about the same	3
don't know	8
no response	9

45. Some parents believe that desegregation would cause fewer behavior problems in class and on the playground - others feel that there would be more problems and some think there would be no difference. How do you feel about this?

fewer problems	1
more problems	2
no difference	3
don't know	8
no response	9

46. Some parents believe that desegregation would cause more problems with social activities such as parties, school friendships, clubs and the like - others feel there would be no more problems than now and some feel there would be fewer problems. How do you feel?

more problems	1
no more problems than now	2
fewer problems	3
don't know	8
no response	9

47. Some parents think the other children in desegregated schools would be more friendly to their children, some think they would be less friendly, and others think it would not make any difference. How do you feel?

more friendly	1
less friendly	2
no difference	3
don't know	8
no response	9

48. Some parents think the teachers in desegregated schools would be more friendly to their children, others think they would be less friendly, and others think it would make no difference - How do you feel?

more friendly	1
less friendly	2
no difference	3
don't know	8
no response	9

49. In some cities, Negro, Mexican American and Anglo families live in different sections of the city, so the only way schools can be desegregated fairly quickly is for some of the children to ride school busses - How do you feel about bussing - are you in favor of or opposed? PROBE FOR STRENGTH OF FEELING

very favorable	1
somewhat favorable	2
undecided or indefinite....SKIP TO Q.50.....	3
somewhat opposed	4
very opposed	5
no response	9

A. Why do you feel this way?

50. (Since you have children in school) (Although you do not have children in school) what do you think schools should be doing - Please look at Card #11 and tell me what you think is the most important task for the schools?

A. And what is the second most important task?

	Most	Second
1. train technical manpower for the economy	1	2
2. develop Godliness and patriotism in our children	1	2
3. help local communities to grow and develop	1	2
4. prepare children for good positions for the future	1	2
5. teach respect for authority	1	2
6. help students develop a personal philosophy of life	1	2
7. other	1	2
SPECIFY: _____		

IF CHILDREN IN SCHOOL, CONTINUE WITH Q.51. IF NO CHILDREN IN SCHOOL, SKIP TO Q.53.

51. In general, are you satisfied with the children's progress in school?

uncertainSKIP TO Q.53..... 3

(1) Why do you say this?

53. To help bring students from different ethnic groups together in the school system various suggestions have been made; how do you feel about some of these, would you approve or disapprove?

A. Reassign enough students to insure that all schools have a proportion of White (Anglo), Black and Mexican American corresponding to the proportion of these groups in the school district's population.

approveASK (1) 1
disapprove 2
don't care 3
not sure 4

(1) Transportation to be provided by:

school district 1
student's family 2

B. Permit students to enroll in existing high schools from a wide enough geographical area to insure an integrated student body.

approveASK (1) 1
disapprove 2
don't care 3
not sure 4

(1) Transportation to be provided by:

school district 1
student's family 2

C. Develop several high schools, each of which, in addition to the usual subjects, would specialize in one field, such as science, art, music, or business, and attract students from a wide enough area to insure an integrated student body.

approve	ASK (1)	1
disapprove		2
don't care		3
not sure		4

(1) Transportation to be provided by:

school district	1
student's family	2

D. In addition to existing elementary and junior high schools, develop some new ones to experiment with new approaches to education, and allow students to enroll in these from a wide enough geographical area to insure an integrated student body.

approve	ASK (1)	1
disapprove		2
don't care		3
not sure		4

(1) Transportation to be provided by:

school district	1
student's family	2

54. Do you think that children attending all black, or all Mexican American schools usually learn as much as those minority group children who can attend schools in which most students are white (Anglo)?

yes	ASK A	1
no	ASK A & B.....	2
uncertain	ASK A & B.....	3
don't know	ASK B.....	8

A. Why do you say that?

B. ASK OF THOSE WHO DID NOT SAY YES TO Q. 54.

To improve the education of students attending present all black or all Mexican American schools, do you think it is a better idea to spend more money on bussing students to and from present white (Anglo) schools?

- spend more on present black and Mexican American schools 1
- spend more on bussing 2
- not sure 3
- don't care 4

C. IF RESPONDENT HAS CHILD IN SCHOOL - Do you think the school your child attends should be integrated?

- already integrated 1 What groups? Black....1
- yes 2 What groups? Mex. Amer.2
- no 3 Anglo....3
- uncertain 4
- don't care 5

D. IF NO CHILD IN SCHOOL - If you had a child in school would you want the the school to be integrated?

- yes 1
- no 2
- uncertain 3
- don't care 4

55. What school district are you living in ?

IF LOS ANGELES, ASK A

A. There has been discussion about local communities having more control over the schools. How do you feel about the idea of breaking down the Los Angeles School District into about six smaller separate districts which would replace the one large one we have today

- strongly favor..... 1
- favor 2
- don't care 3
- oppose 4
- strongly oppose..... 5

56. Which are you more interested in , local city politics or national politics?

- local politics 1
- both same 2
- national politics 3
- not interested in either 4
- don't know 8

57. Generally speaking, do you usually think of yourself as a Republican, a Democrat, an Independent, or what?

- RepublicanSKIP TO Q.58 1
- DemocratSKIP TO Q.58 2
- Independent 3
- no party preference 4
- other 5

SPECIFY: _____

58. Now, we want to get your opinions about a common problem we all face everyday.

A person is often tempted to do something that's easier or better for himself, but he knows that if everybody did that same thing, we'd all be worse off.

Will you please give me an example of something like this? That is, something a person might want to do because it's easier or better for him, but if everybody did that, we'd all be worse off?

INTERVIEWER'S RATING OF THE DIFFICULTY THE RESPONDENT HAS IN THINKING OF AN EXAMPLE (DEPENDING ON HOW LONG HE TAKES, FALSE STARTS, PUZZLEMENT,ETC.)

- very easy 1
- rather easy 2
- rather difficult 3
- very difficult 4

IF NO ANSWER, GO TO QUESTION 59

A. Why is it easier or better for the person himself to (do...)?

B. Why are we all worse off if everybody (does ...)?

59. One common example of this sort is littering. It's easiest for each person if he drops his papers or cigarettes or trash along the streets, but if everybody did that, the streets would be a mess and we'd all be worse off.

Can you think of another example of this sort of thing - a different example

INTERVIEWER'S RATING OF THE DIFFICULTY THE RESPONDENT HAS IN THINKING OF AN EXAMPLE (DEPENDING ON HOW LONG HE TAKES, FALSE STARTS, PUZZELMENT, ETC.)

very easy	1
rather easy	2
rather difficult	3
very difficult	4

A. Why is it easier or better for the person himself to (do...)?

B. Why are we all worse off if everybody (does...)?

One more important example of this sort has to do with smog. It is easy, cheaper, and more convenient for each person to do things that add to smog, such as: these on Card #12.

drive to work alone rather than with others;
drive rather than take the bus;
or let his smog equipment get in poor shape.

But the more people who do these things, the more we all suffer from smog.

I am going to read you some statements about smog. For each, tell me how strongly you agree or disagree giving me a number from this scale, on Card #13. Number 1 stands for agree strongly, and number 6 stands for disagree strongly. You may of course use any number on this scale. Tell me which number best represents the way you feel.

60. We would all be much better off if everyone was careful not to do these things that add to smog.

agree strongly / / / / / / disagree strongly
 1 2 3 4 5 6

61. Most people have to stop and think about whether or not to do these things that add to smog.

agree strongly / / / / / / disagree strongly
 1 2 3 4 5 6

62. Most people feel that they themselves are responsible for how much smog we have.

agree strongly / / / / / / disagree strongly
 1 2 3 4 5 6

63. People try to keep from doing these things that add to smog.

agree strongly / / / / / / disagree strongly
 1 2 3 4 5 6

64. Most people could be influenced to keep from doing these things that add to smog.

agree strongly / / / / / / disagree strongly
 1 2 3 4 5 6

65. CONTINUE AS ABOVE USING CARD #13

A. .If most other people continue doing things that add to smog, then there's no reason at all for any one person not to do them himself.

agree strongly / / / / / / disagree strongly
 1 2 3 4 5 6

- B. Even if most other people continue doing things that add to smog, a person should at least try to set a good example by not doing them.

agree strongly $\frac{\ / \ / \ / \ / \ / \ /}{1 \ 2 \ 3 \ 4 \ 5 \ 6}$ disagree strongly

- C. Even if most other people continue doing things that add to smog, a person should at least try to do his part in reducing smog.

agree strongly $\frac{\ / \ / \ / \ / \ / \ /}{1 \ 2 \ 3 \ 4 \ 5 \ 6}$ disagree strongly

- D. Even if most other people continue doing things that add to smog, a person can at least feel he's doing the right thing if he doesn't do them.

agree strongly $\frac{\ / \ / \ / \ / \ / \ /}{1 \ 2 \ 3 \ 4 \ 5 \ 6}$ disagree strongly

Now, let me ask about some different things. You can answer them using the same scale.

- E. If I see someone whose car has stalled, I feel badly if I don't stop and help.

agree strongly $\frac{\ / \ / \ / \ / \ / \ /}{1 \ 2 \ 3 \ 4 \ 5 \ 6}$ disagree strongly

- F. I would rather decide things when they come up than always try to plan ahead.

agree strongly $\frac{\ / \ / \ / \ / \ / \ /}{1 \ 2 \ 3 \ 4 \ 5 \ 6}$ disagree strongly

- G. In driving, I dislike yielding to other cars when two lanes merge into one.

agree strongly $\frac{\ / \ / \ / \ / \ / \ /}{1 \ 2 \ 3 \ 4 \ 5 \ 6}$ disagree strongly

- H. I seem to be the kind of person who has more bad luck than good luck.

agree strongly $\frac{\ / \ / \ / \ / \ / \ /}{1 \ 2 \ 3 \ 4 \ 5 \ 6}$ disagree strongly

- I. If I am waiting in line at a market and have many items, I always let a person who has only one or two things go in front of me.

agree strongly $\frac{\ / \ / \ / \ / \ / \ /}{1 \ 2 \ 3 \ 4 \ 5 \ 6}$ disagree strongly

J. There's not much use for me to plan ahead because there's usually something that makes me change my plans.

agree strongly $\frac{\ / \ / \ / \ / \ / \ /}{1 \ 2 \ 3 \ 4 \ 5 \ 6}$ disagree strongly

K. I would rather win an argument than compromise.

agree strongly $\frac{\ / \ / \ / \ / \ / \ /}{1 \ 2 \ 3 \ 4 \ 5 \ 6}$ disagree strongly

L. I have often had the feeling that it's no use to try to get anywhere in this life.

agree strongly $\frac{\ / \ / \ / \ / \ / \ /}{1 \ 2 \ 3 \ 4 \ 5 \ 6}$ disagree strongly

Please turn to Card #14 - the scale is slightly different. Number 1 stands for extremely competitive and number 6 stands for extremely cooperative.

M. Thinking about the typical person, would you say they are basically competitive or cooperative?

extremely competitive $\frac{\ / \ / \ / \ / \ / \ /}{1 \ 2 \ 3 \ 4 \ 5 \ 6}$ extremely cooperative

N. Now, thinking about yourself, would you say you are basically competitive or cooperative?

extremely competitive $\frac{\ / \ / \ / \ / \ / \ /}{1 \ 2 \ 3 \ 4 \ 5 \ 6}$ extremely cooperative

Let's turn back to Card #13 and use this scale again.

O. In every day life, the typical person often feels uncertain about whether to act cooperative or competitive.

agree strongly $\frac{\ / \ / \ / \ / \ / \ /}{1 \ 2 \ 3 \ 4 \ 5 \ 6}$ disagree strongly

P. Most people can be influenced by the actions of others to be more cooperative themselves.

agree strongly $\frac{\ / \ / \ / \ / \ / \ /}{1 \ 2 \ 3 \ 4 \ 5 \ 6}$ disagree strongly

Q. In fact, the world wouldn't be very much better even if everyone was more cooperative.

agree strongly $\frac{\ / \ / \ / \ / \ / \ /}{1 \ 2 \ 3 \ 4 \ 5 \ 6}$ disagree strongly

66. Do you think it's always a good idea to look for new ways of doing things or do you think it's better to stick to the proven ways you already know about?

- look for new 1
- depends, both 2
- stick by what you have 3
- don't know 8

Now we'd like to ask you a few questions about your health.

67. In the past year have you had any kind of health problem?

- yesASK A 1
- noSKIP TO Q.73 2

A. What was this problem?

68. Did you see anyone (such as a doctor) about it?

THIS DOES NOT INCLUDE TELEPHONE CALLS

- yesASK A 1
- noSKIP TO Q.69 2

A. Who was that? _____

(1) IF DOCTOR OR OTHER TYPE OF HEALER, ASK: Where did you see this ..?

- at home 1
- private doctor's office 2
- hospital outpatient clinic 3
- other 4

SPECIFY: _____

(2) Will you please give me the names and address of this person?

(3) IF DOCTOR: How many times did you talk to a doctor about this illness/
accident?

NUMBER: _____

69. Did you enter the hospital for this illness/accident?

yes 1
no 2

70. Did you miss any days from work/school/housework because of this illness?

yesASK A 1
noSKIP TO Q.71 2

A. How many days did you miss? Days _____

71. How was the bill paid?

medicare 1
company insurance 2
personal insurance 3
cash - self 4
"free"- public program 5
other 6

SPECIFY: _____

72. How satisfied were you with the service you received?

very much 1
moderately 2
not very satisfied 3
quite dissatisfied 4

73. I am going to read some statements which are listed on this card. Please turn to Card #15. Just tell me whether you agree or disagree with each of these statements.

Agree Qualified Disagree Does Not Apply

- a. "I usually try to get up too soon after I have been sick"..... 1 2 3 0
- b. "Most doctors are more interested in the welfare of their patients than in anything else"..... 1 2 3 0
- c. "Most doctors charge too much money".... 1 2 3 0
- d. "I believe in trying out different doctors to find which one I think will give me the best care"..... 1 2 3 0
- e. "When I think I am getting sick, I find it comforting to talk to someone about it"..... 1 2 3 0

	<u>Agree</u>	<u>Qualified</u>	<u>Disagree</u>	<u>Does Not Apply</u>
f. "I have my doubts about some things doctors say they can do for you"....	1	2	3	0
g. "When I am ill, I demand to know all the details of what is being done to me".....	1	2	3	0
h. "I find it hard to give in and go to bed when I am sick".....	1	2	3	0
i. "When a person starts getting well, it is hard to give up having people do things for him"	1	2	3	0

And now a few questions about certain health problems -

74. What is the cause of German measles, is it:
- a fungus 1
 - a virus 2
 - a bacteria?..... 3
75. Can tuberculosis be spread from one person to another?
- yes 1
 - no 2
76. Would you say that one symptom (or sign) of diabetes is:
- sugar in the urine 1
 - skin allergies 2
 - excessive coughing? 3
77. What would you say causes a hernia, is it:
- muscle strain while lifting heavy objects... 1
 - not enough exercise while growing up 2
 - poor posture? 3
78. Which of these diseases is sometimes caused by cigarette smoking:
- anemia 1
 - lung cancer 2
 - hemorrhoids? 3
79. Which of these are symptoms of cancer:
- lack of sleep, anxiety, blurred vision..... 1
 - or
 - frequent colds, poor eating habits, trembling and chills 2
 - or
 - unusual bleeding, a sore that won't heal, sudden weight changes, growths?..... 3

80. Would you say that a stroke is caused by:
- contact with a sick person 1
 - bleeding of blood vessels in brain 2
 - not enough vitamin A in diet? 3
81. German measles can be spread by which of the following:
- from food to people 1
 - from one person to another 2
 - from sick animals to people? 3
82. Do you get periodical medical checkups when you are not ill?
- yes 1
 - no 2
83. Do you believe that a balanced diet is really necessary for good health?
- yes 1
 - no 2
84. Do you believe everyone should be immunized against contagious disease?
- yes 1
 - no 2
85. Have you had any skin or x-ray tests for tuberculosis?
- yes 1
 - no 2
86. In the past four years, how many times has a member of your household been a victim of a medical emergency?

NUMBER: _____

A. Do you consider provisions for Emergency Medical Care in this community as:

- definitely adequate 1
- probably adequate 2
- DO NOT ASK ----- uncertain (don't know) 3
- probably not adequate 4
- definitely not adequate? 5

87. ASK FOR ALL FEMALES EVER MARRIED 14 YEARS OF AGE OR OLDER:

How many babies has ever had, not counting still births?
ENTER BELOW

<u>Line #</u>	<u># Babies</u>
_____	_____
_____	_____

88. How many rooms do you have in your living quarters? DO NOT COUNT BATHROOMS, PORCHES, BALCONIES, FOYERS, HALLS, OR HALF-ROOMS.

NUMBER: _____

And now for a few final questions -

89. What kind of work does ...(head) do now?

OCCUPATION: _____

INDUSTRY: _____

RETIRED:..... SKIP TO Q.90..... 0

A. How long does it take ...(head) to get to work? Hrs. _____ Mins. _____

B. How does ...(head) usually get from home to work?
IF MORE THAN ONE MENTIONED, RANK IN ORDER OF IMPORTANCE

- automobile - with others 1
- automobile - no others 2
- bus - transfer involved 3
- bus - no transfer involved 4
- railroad 5
- taxicab 6
- walk 7
- other 8

SPECIFY: _____

C. When does ...(head) usually leave for work? _____ AM _____ PM

D. When does ...(head) usually leave work to go home? _____ AM _____ PM

90. IF MARRIED: What kind of work does ...(spouse) do now?

OCCUPATION : _____

INDUSTRY: _____

91. Where was ...(head) brought up, was it mostly on a farm, in a small town, in a suburb, in a small city or a very large city? ENTER BELOW

A. In what state (or country) was that? _____

- farm 1
- town 2

SPECIFY: _____

Q43. Aquí están unas preguntas finales. Creo que le agradecerán. Le voy a describir una situación y quiero que imagine lo que Ud haría en esta situación. Aquí está. Tiene una televisión nueva y cara que se descompuso hace dos semanas. Desafortunadamente la garantía ya estaba invelizada. Como le gusta ver televisión, quisiera reparar la televisión lo mas pronto posible. La semana pasada llamo dos reparadores diferentes para obtener un buen precio por la reparación. Los dos le dieron un precio que Ud penso muy alto. Ahora va a llevar su aparato al señor * , un reparador judío que tiene una tienda cerca de su casa. El señor *..... examina la televisión y le dice que la reparación costara \$(PRECIO ORIGINAL). Este es todavia más de lo que Ud. quería pagar, aunque es más bejo que los dos anteriores. Sospecha que podría obtener un precio mejor del señor *..... si lo intenta. Por otro lado, si sugiere un precio mucho más bajo, quizás rehusaría trabajar en el aparato totalmente.

* Cuanto dinero le ofrecera Ud. al señor *..... in per la reparación?

\$ _____ (IF OFFER EQUALS PRICE, GO TO Q.48)
(OFFER)

Q44. En haciendo esta oferta, cual de estas cosas en esta tarjeta le diria Ud. al reparador: (SHOW CARD 44 AND READ STATEMENTS A-C).

- A. Su precio es mucho más alto que las otras estimaciones.
Aceptaría \$(OFERTA)?.....1
- B. No vale tanto para mí.
Aceptaría \$(OFERTA)?.....2
- C. Me gustaria mucho repararla.
Aceptaría \$(OFERTA)?.....3

Q 45. Cuando haga su oferta, sera difinitivamente su última oferta o estara dispuesto a pagar más si el señor la rehusa?

- Oferta final.....1
- No la última.....2
- (No se).....8

* USE THE CORRECT NAME FROM THE ENGLISH VERSION. THE NAME WILL BE DIFFERENT FOR MOST INTERVIEWS.

[CONDICIÓN A]

Q46A. Después de decirle al señor *..... : (USE SAME LETTER AS R'S RESPONSE TO Q44.)

- a. Que su precio es mucho más alto que las otras estimaciones, y entonces ofrecerle \$(OFERTA).
- b. Que no vale tanto para Ud, y luego le ofrece \$(OFERTA).
- c. Que le gustaría mucho repararla, y entonces le ofrece \$(OFERTA).

... él dice que no puede reparar el aparato por menos del precio ya dicho, \$(PRECIO). ¿Qué hace ahora? ¿Cuál es la siguiente movida?

Q46B. IF RESPONDENT MAKES SECOND OFFER:

Q.46B.1. ¿Por cuánto será su segunda oferta? \$_____

Q.46B.2. ¿Sería ésta su última oferta o seguiría negociando?

- Oferta final..... ()
- Continuaría ()
- No se..... ()

Q.46B.3. Mire esta tarjeta (SHOW CARD 46B3) y dígame cuales son las posibilidades que el señor *..... acepte o no acepte la segunda oferta. Escoja el número apropiado.

/	/	/	/	/	/	/
1	2	3	4	5	6	7
aceptará			probable			probablemente
definitiva-						no aceptará
mente						

* USE THE CORRECT NAME FROM THE ENGLISH VERSION. THE NAME WILL BE DIFFERENT FOR MOST INTERVIEWS.

CONDITION B

INTERVIEWER: USE THIS WORK SPACE TO COMPUTE THE COUNTEROFFER FOR Q. 46A.

- STEP 1: ENTER ORIGINAL PRICE: \$ _____
- STEP 2: ENTER OFFER FROM Q. 43: \$ _____
- STEP 3: ADD THESE TWO NUMBERS: \$ _____ Total
- STEP 4: DIVIDE THIS TOTAL
BY TWO: \$ _____
- STEP 5: IF THE NUMBER FROM STEP 4 IS GREATER THAN 3/4 OF THE ORIGINAL PRICE, USE IT AS THE COUNTEROFFER. OTHERWISE, USE 3/4 OF THE ORIGINAL PRICE AS THE COUNTEROFFER. (USE THE TABLE ON THE RIGHT TO DETERMINE WHAT 3/4 OF THE ORIGINAL PRICE WOULD BE.)
- STEP 6: WRITE THE COUNTEROFFER HERE: \$ _____

<u>ORIG. PRICE</u>	<u>3/4 ORIG. PRICE</u>

UNFORTUNATELY THIS PAGE WAS NOT TRANSLATED. DO NOT USE THE CARDS. PLEASE TRANSLATE YOURSELF.

Q47. Now, from what you have just heard, how honest or dishonest a business man would you say this repairman is? Here is a card with "very dishonest" -- number one --- at one end, and "very honest"-- number seven --- at the other end. You may use any number on the scale. Please tell me which best represents how honest or dishonest you feel Mr. Brown, the repairman has been:

47A. Very dishonest 1 2 3 4 5 6 7 Very honest

Now here is another card which has another scale. Tell me a number which best represents how wise or foolish you think Mr. Brown is.

47B. Very wise 1 2 3 4 5 6 7 Very foolish

Here's another card; how unyielding or yielding would you say Mr. Brown is?

47C. Very unyielding 1 2 3 4 5 6 7 Very yielding

How cooperative or competitive would you say Mr. Brown is?

47D. Very cooperative 1 2 3 4 5 6 7 Very competitive

And how unfair or fair?

47E. Very unfair 1 2 3 4 5 6 7 Very fair

And how hard or soft would you say this TV repairman is?

47F. Very hard 1 2 3 4 5 6 7 Very soft

How active or passive would you say he is?

47G. Very active 1 2 3 4 5 6 7 Very passive

And finally, how selfish or generous would you say this man is?

47H. Very selfish 1 2 3 4 5 6 7 Very generous

Q48. Finalmente, quisiera que Ud. pensara en la manera en que Ud. se comportaría en situaciones como las de que hemos estado hablando.

En general, ¿que honesto o deshonesto es Ud. en sus negocios con personas como este reparador. Use la escala otra vez, y dígame cual número mejor describe su comportamiento.

48A. Muy honesto 1 2 3 4 5 6 7 Muy deshonesto

Ahora pasemos por las otras escalas y dígame como evaluaría su comportamiento en situaciones como éstas.

48B. Muy juicioso 1 2 3 4 5 6 7 Muy disparatado

48C. Muy insubmisivo 1 2 3 4 5 6 7 Muy submisivo

48D. Muy cooperativo 1 2 3 4 5 6 7 Muy competitivo

48E. Muy injusto 1 2 3 4 5 6 7 Muy justo

48F. Muy duro 1 2 3 4 5 6 7 Muy blando

48G. Muy pasivo 1 2 3 4 5 6 7 Muy activo

48H. Muy generoso 1 2 3 4 5 6 7 Muy egoísta

Q.49A. Personalmente, ¿le gusta negociar sobre un precio o prefiere tratar con un reparador de una compañía donde hay que pagar el precio pedido y negociar es imposible?

Prefiere un precio fijo para reparaciones.....1

Prefiere oportunidades para negociar2

Depende.....3

ESPECIFIQUE: _____

49B. ¿Por qué lo dice? _____

Q50A. ¿Si tuviera que negociar por todo lo ^{que} compra hoy, ahorraría dinero o pagaría más?

Ahorraría dinero.....	1	ASK Q50B
Pagaría más dinero.....	2	ASK Q50B
No habría diferencia, pagaría lo mismo.....	3	END
No se.....	8	END

Q50B. ¿Cuánto extra sería?

Cantidad pequeña.....	1
Cantidad moderada.....	2
Cantidad grande.....	3
No se.....	8

GRACIAS POR SU COOPERACION

(INTERVIEWER: REMEMBER TO FILL OUT THE "ESTIMATION DATA" PAGE AFTER THE INTERVIEW).

(YOU WILL USE THE TABLE BELOW TO FIND THE ORIGINAL PRICE OF TV REPAIR FIRST GIVEN BY THE REPAIRMAN IN THE FOLLOWING STORY. TO FIND OUT WHAT THAT PRICE SHOULD BE, USE THE "FAMILY INCOME" FROM Q.42 AND THE NUMBER OF PEOPLE DEPENDENT ON THAT FAMILY INCOME [THAT IS, THE NUMBER OF PEOPLE IN THE HOUSEHOLD.] BY GOING ACROSS THE CORRECT ROW AND DOWN THE CORRECT COLUMN, YOU WILL FIND THE ORIGINAL PRICE TO BE USED IN THE INTRODUCTION TO Q.43. CIRCLE THAT DOLLAR PRICE FIGURE WHICH YOU USE. IF THE FAMILY INCOME ANSWER WAS "NOT ASCERTAINED", USE INCOME ROW "J").

FROM: Mary H. and Vi

SUBJECT: The Truth about LAMAS Field Dates

After much head-scratching, soul-searching, and digging in the musty-dusty files of the Field Office, we are proud to announce that we have assembled the "true" facts (as opposed to facts based on dim memory and/or guesses) about all LAMAS field dates. This memo will supercede all previous memos about field dates so clean out your files, folks! Ready or not, here it comes:

- LAMAS I : May 14, 1970 to July 10, 1970
- LAMAS II : November 4, 1970 to January 20, 1971
- LAMAS III : April 15, 1971 to June 12, 1971
- LAMAS IV : October 12, 1971 to January 15, 1972
- LAMAS V : March 13, 1972 to May 29, 1972
- LAMAS VI : February 5, 1973 to March 20, 1973
- LAMAS VII : October 22, 1973 to December 17, 1973
- LAMAS VIII : February 11, 1974 to March 20, 1974

Stay tuned to this station for results on the ninth race of LAMAS.

LAMAS IX . 9/16/74 - 12/2/74
LAMAS X 2/9/76 - 4/20/76

UNIVERSITY OF CALIFORNIA
LOS ANGELES

THE LOS ANGELES METROPOLITAN AREA SURVEY
(LAMAS)

SURVEY RESEARCH CENTER, UNIVERSITY OF CALIFORNIA,
LOS ANGELES

THE LOS ANGELES METROPOLITAN AREA SURVEY (LAMAS)

The Los Angeles Metropolitan Area Survey, inaugurated in the spring of 1970, is a shared-time omnibus survey of Los Angeles County community members, usually repeated twice a year. LAMAS enables research investigators from universities, governmental agencies (at all levels), and research institutes to obtain data from a representative sample of 1,000 Los Angeles metropolitan area households (city and county) in a more efficient and economical fashion than is possible if each researcher conducts an independent survey.

The cost of participating in LAMAS is on a per question basis, as discussed below, and the contributing researcher receives the results pertaining to his specific questions, plus background data. Shared-time omnibus surveys are not only economical; by reducing the number of independent surveys in the field, they can help minimize the strains aroused in communities whose members feel they have been oversurveyed.

Although each survey is designed to meet the varied needs of contributing researchers, an important LAMAS goal is the development of a set of standard "community profile" measures appropriate for use in studies connected with the planning and evaluation of public policy and action programs. The social profile variables include attitudes and perceptions of living conditions in the neighborhood and of its program needs. A predominant theme in the Center's contribution to the instruments is the inclusion of indexes and scales for "tracking" the development and course of social indicators and the impact of public policy on the community. These social indicators, including social, psychological, health, and economic variables, permit measurement of social change at semiannual intervals and, thus, analysis of short-and long-term trends in the quality of life at the regional level. LAMAS provides an opportunity to investigate specific trends in both the city and Los Angeles County.

In addition to trend studies of attitudes and behaviors, LAMAS provides for panel studies of subsamples of the population. In such studies, the focus is on both probability and purposive construction of panels of respondents to permit more intensive exploration of key social problems than is possible either in a single survey or in analysis of trends in survey results.

USES OF LAMAS

The strength of LAMAS stems from its highly unclustered sample design and the varying types of areal aggregation such samples permit. Data from 100 sampling points in the county can be aggregated at the following levels:

The survey was conducted by the Los Angeles County Model Neighborhood Agency. The survey was to provide baseline data on community conditions (e.g., employment, income, education, health, housing, crime, etc.) to permit assessment of the effects of Model Neighborhood programs after the five-year demonstration period. The same data were gathered from county residents (LAMAS III) to serve as a "control" for county-wide changes that might influence conditions in the model neighborhood independent of program effects. More important, county data were used to establish levels of relative deprivation suffered by model neighborhood residents as a result of their low-income and minority status. The data showed clear differences between county and model neighborhood residents in levels of income, education, employment and occupational status, and in their assessments of the quality of life. Even controlling for minority status (black and Mexican-American) within the county, some differences remain which suggest particular effects of residence in the model neighborhood area (South Central Los Angeles). For example, model neighborhood blacks are more negative about the quality of police protection they receive than are blacks in the county as a whole.

Alcohol Safety Action Project. In the spring of 1972, as part of LAMAS (LAMAS V), the Center conducted the first of four studies on drinking and driving behavior. Los Angeles is one of twenty-six cities in the United States in which this research is being conducted. The project is administered locally by the Alcohol Safety Action Project (ASAP), a consortium of public and private agencies concerned with problems arising from drinking and driving. A four-year research program in LAMAS is planned; in addition to providing descriptive data, we will attempt to evaluate the effects of an ASAP campaign to publicize the dangers of drinking and driving.

Health Care Needs Study. In the spring of 1973, as part of LAMAS (LAMAS VI), the Los Angeles County Department of Health Services and the Comprehensive Health Planning Council of Los Angeles County conducted a survey designed to assess the health status and physician-use patterns of county residents. The survey was undertaken so that county health professionals could generate estimates of frequency and types of illness; disability days; physician, dental, and mental health visits; unmet needs for health service; days of hospitalization; and use of public and private health, hospital, and mental health services. The data will be used to develop specific policy alternatives regarding the expansion, modification, and allocation of resources to current and future health delivery systems. A report of the findings and recommended policy decisions based on the data will be presented to the Los Angeles County Board of Supervisors.

TECHNICAL OPERATIONS

Sampling

The Survey Research Center has recently redesigned its sample of households in the Los Angeles metropolitan area, using the most current Census data. LAMAS utilizes a multistage, stratified probability sample with the following characteristics:

1. Los Angeles County is divided into ten geographic regions: (a) four regions in the city of Los Angeles; (b) one region composed of all unincorporated areas of the county; (c) one region that includes the city of Long Beach; and (d) four other regions: the western, southeastern, eastern, and northeastern municipalities.
2. Block groups in each region are stratified by housing value, percentage owner-occupied, and percentage nonwhite.
3. 100 block groups are sampled from the ten regions.
4. Two block clusters are drawn from each of the 100 block groups, and an address file of 40,000 dwelling units has been compiled. Household respondents are selected according to the method described in Leslie Kish, Survey Sampling, (Wiley, 1965), pp. 396-404.

The unclustered nature of the sample permits the Survey Research Center to oversample selected subpopulations (e.g., ethnic groups within LAMAS), as well as to undertake special studies of subpopulations within specified geographical areas of the county or city. (Additional charges for oversampling in LAMAS or special studies are arranged in conference with the individual investigator.)

Computer Sampling

The Survey Research Center has developed a general computer software package for sampling, using 1970 Census tapes. This package makes it possible to draw an area probability sample at reduced cost for any county in California as well as in the rest of the United States.

Field Operations

A. Procedures

Survey Research Center interviewers are well trained and closely supervised throughout the field process. For example, interviewers are assigned a list of dwelling units and required to select respondents from dwelling units, using strict probability methods; they have been specially trained in the use of this probability selection procedure, and results are closely monitored by central office supervisors. In addition, basic

interviewer training includes workshops and practice interviewing. All instruments fielded by the Center are subjected to a pretest process. Following a final briefing on a specific study, interviewers are permitted to take only one interview before returning to the office for a discussion with the field supervisors. Interviewers are requested to make three calls in order to secure a response, including night and weekend calls. Escorts are provided during unusual hours to maintain an acceptable response rate.

Every instrument is edited and checked for quality immediately upon its arrival at the Center to ensure completeness and accuracy. In addition, approximately 20 percent of the field staff's work is verified in ten-minute interviews with respondents, conducted by telephone when possible but at the homes of respondents when that is the only means by which they may be reached. The verification rate varies with the experience of the interviewer and the complexity of the instrument design and is always higher during the initial stage of a study.

B. Bilingual Research

The Survey Research Center has embarked on a special program for recruiting and training bilingual interviewers who work in the large Mexican-American community of Los Angeles. The Center provides Spanish-language versions of all materials, and interviews are always taken in Spanish when appropriate; bilingual supervisory and quality-control staff work closely with these interviewers.

Data Reduction

LAMAS data are reduced in two stages. In the first stage, precoded questions are edited and punched for analysis purposes on IBM cards from the questionnaire. The precoded questions are then passed on to the data processing section for analysis. This process considerably shortens the time required to produce output, and precoded questions are available for analysis within five weeks after completion of the field operation.

Open-ended questions are coded in the second stage. If the client has submitted open-ended questions, he or she is encouraged to consult with our coding section as they construct the coding frames. During the first week of coding, 100 percent of each coder's work is checked by the supervisor and independent work discussions are commonplace. Twenty percent of the open-ended questions are double-coded, and intercoder reliability figures are reported.

Data Processing and Analysis

Two campus computing facilities are available to the Center's data analysis and programming staffs. Both facilities house IBM system 360, model 91s, and are accessible from interactive terminals at the Center.

LAMAS data are processed using the Statistical Package for the Social Sciences (SPSS). This is a flexible, user-oriented, data manipulation package available for editing, screening, documenting, and transforming a data set

preparatory to making statistical analyses and is particularly useful for the analysis of survey data. Statistical analyses include correlation, nonparametric statistics, regression and multiple regression, Guttman scaling, and a fast factor analysis program.

For the cost of the initial question, the investigator will be given the following statistical output: frequency distributions ("marginals") of the results of the questions contributed by the investigator, and cross-tabulations of these questions by SEX, AGE, INCOME, EDUCATION, ETHNICITY or RACE, and OCCUPATION. *If the investigator has five or more questions, he or she may obtain the data with background variables in the form of punched IBM cards, card-image tape, or an SPSS system file.* Statistical analyses other than those mentioned above can also be performed at the request of the investigator at a negotiated additional cost. Second-, third-, and fourth-count U.S. Census data for the Los Angeles metropolitan area are concatenated with the individual-level data collected through LAMAS and can be provided to the client, again at a negotiated additional cost.

Aggregate Data and Survey Data

The Center has developed a software package for accessing DUALabs Census tapes which considerably reduces the costs of using Census data. The program will selectively decompress only those geographical areas and/or data tables specified by the user, bypassing data he does not want. In addition, the data can be output for processing through standard software packages available on campus (e.g., SPSS, BMD, DATATEXT). Census data combined with survey data from LAMAS expand the data base available to the client and can provide contextual information to complement survey data. In addition, aggregate and survey data can be combined so that relationships between these two levels of data can be examined.

SAMPLE QUESTIONS FOR ESTIMATING COST

ONE PRE-CODED QUESTION

Now, thinking back to your recent illnesses or injuries--in the past two months did you have any illness that kept you in bed, indoors or away from your usual activities?

yes 1
no 2

ONE PRE-CODED QUESTION WITH SEVERAL POSSIBLE RESPONSES

Do you have any of the following types of medical coverage or health insurance?

Blue Cross (Blue Shield) 1
Kaiser-Permanente 2
Ross-Loos 3
Equitable Insurance 4
Occidental 5
Medicare 6
Medi-Cal 7
other 8
SPECIFY: _____
none 9

PRE-CODED QUESTION LIST--ONE PART = 1/2 QUESTION, 2 PARTS = ONE QUESTION

We are interested in the way people are feeling these days. During the past few weeks did you ever feel:

	<u>YES</u>	<u>NO</u>	<u>DON'T KNOW</u>
A. pleased about having accomplished something?	1	2	8
B. very lonely or remote from other people?	3	4	8
C. that things were going your way?	5	6	8
D. upset because someone criticized you?	1	2	8
E. on top of the world?	3	4	8
F. so restless that you couldn't sit long in a chair?	5	6	8

	<u>YES</u>	<u>NO</u>	<u>DON'T KNOW</u>
G. bored?	1	2	8
H. proud because someone complimented you on something you had done?	3	4	8
I. depressed or very unhappy?	5	6	8
J. particularly excited or interested in something?	1	2	8

PRE-CODED SORT OPERATION--EACH PART = 1 QUESTION

You hear a lot of talk these days about what might happen if the population of the United States keeps growing. I have some cards here which have on them some of the things people say could happen if the population keeps growing. I would like you to read these cards and put them into three pockets: in one pocket, statements you think are true or probably true and in another pocket, statements you think are not true or probably not true. If you cannot decide about any of these statements, then put them in the pocket labeled "cannot decide." (HAND CARDS TO R. GIVE R TIME TO SORT.)

TIME BEGINNING: _____

TIME ENDING: _____

A. This country is large enough so that if we build new towns and cities out in the countryside there will be enough space for us even if the population gets much larger.

true 1
not true 2
cannot decide 8

B. If the population of the country gets much larger, air and water population problems will get much worse and will be very difficult to solve.

true 1
not true 2
cannot decide 8

C. If the country's population gets much larger, we will not have enough food to feed all the people.

true 1
not true 2
cannot decide..... 8

D. How large our population becomes has little to do with whether we can solve other social problems like poverty, crime and slums.

true 1
not true 2
cannot decide 8

E. Even if the population gets much larger, we can find ways to produce enough food to feed all of the people in this country.

true 1
not true 2
cannot decide 8

F. The number of people in a country does not have much to do with whether there is a pollution problem. Pollution is caused mostly by other things.

true 1
not true 2
cannot decide 8

G. Unless we do something to keep this country's population from getting larger, we will not be able to solve problems like poverty, slums and crime.

true 1
not true 2
cannot decide 8

H. If this country's population gets much larger, we will run out of use-able open space and have to live under very crowded conditions.

true 1
not true 2
cannot decide 8

ONE OPEN-ENDED QUESTION--NUMERIC RESPONSE, NO SURCHARGE

Since you first moved to the Los Angeles area, how many times have you moved from one house or apartment to another?

NUMBER OF MOVES: _____

ONE OPEN-ENDED QUESTION, SURCHARGE FOR DATA REDUCTION

Let's say that you are a driver. A traffic policeman stops you and claims that you have broken a traffic law. He wants to give you a ticket. What would you do?

ONE OPEN-ENDED QUESTION WITH RESPONSE DESIGNATIONS: TWO DESIGNATIONS = ONE QUESTION: EACH ADDITIONAL DESIGNATION = 1/2 QUESTION, SURCHARGE FOR DATA REDUCTION

Now, thinking about problems we have here in Los Angeles area (City and County): What do you think are the most important problems we have here in the Los Angeles area?

- (1) _____
- (2) _____
- (3) _____
- (4) _____
- (5) _____
- (6) _____

PRE-CODED RATING SCALE--EACH PART = 1 QUESTION

Now, from what you have just heard, how honest or dishonest a businessman would you say this car dealer is? Here is a card with "very dishonest"--number one--at one end, and "very honest"--number seven--at the other end. You may use any number on the scale. Would you look at this scale and tell me which number comes closest to how you feel?

- A. Please tell me which best represents how honest or dishonest you feel the car dealer has been:

Very dishonest 1 2 3 4 5 6 7 Very honest

- B. Now, here is another card which has another scale. Tell me a number which best represents how wise or foolish you think the car dealer is.

Very wise 1 2 3 4 5 6 7 Very foolish

- C. Here's another card: how unyielding or yielding would you say the car dealer is?

Very unyielding 1 2 3 4 5 6 7 Very yielding

D. How cooperative or competitive would you say the car dealer is?
Very cooperative 1 2 3 4 5 6 7 Very competitive

E. And how unfair or fair?
Very unfair 1 2 3 4 5 6 7 Very fair

F. And how hard or soft would you say this car dealer is?
Very hard 1 2 3 4 5 6 7 Very soft

G. How active or passive would you say he is?
Very active 1 2 3 4 5 6 7 Very passive

H. And finally, how selfish or generous would you say this man is?
Very selfish 1 2 3 4 5 6 7 Very generous

ONE PRE-CODED QUESTION AND ONE OPEN-ENDED QUESTION, WITH SURCHARGE

Suppose the number of people in the Los Angeles area were twice as large as it is today--suppose there were fourteen million people in this area, instead of seven million. Do you think your own life would be different if there were twice as many people living in the Los Angeles area or do you think your own life would be about the same as it is today?

different..... ASK A..... 1
same as now..... 2

A. How would it be different?

SPECIAL SURCHARGES

The LAMAS staff will negotiate specific surcharges under the following conditions:

1. Complex and/or lengthy questions with a number of response options.

2. Computer rotation of a question or questions (e.g., Question X to be asked of half the sample, Question Y to be asked of other half).
3. A question or questions which require the interviewer to read extended information before eliciting a response.

Survey Costs and Economies of Scale

The costs of research in major metropolitan areas are rising at a time when the need for data on urban areas is both urgent and increasing. Costs for independent surveys range from \$50 to over \$100 per case. Highly clustered samples do not save costs, have little flexibility, and can be challenged in terms of their capacity to represent a large, heterogeneous area such as Los Angeles County. Highly unclustered samples provide better coverage of the population but are quite expensive. The LAMAS sample is moderately unclustered and survey costs are reduced because of economy of scale. For example, a \$10,000 input to LAMAS will provide data at an average cost of \$10 per case for a sample of 1,000. As mentioned above, the investigator receives marginals on all his data as well as cross-tabulations with major background variables. The LAMAS staff continuously monitors the quality of information obtained from these background questions (e.g., occupation, education, income) and will modify them to increase their reliability and validity. Such work saves the investigator time in question construction and instrument evaluation and provides high-quality data to relate to his variables of interest.

COST SCHEDULE

Number of Questions (Precoded)	Questions to be Asked of Total Sample	Questions to be Asked of Predetermined Major Sub- populations*
1	\$ 600 - \$ 800	\$ 480 - \$ 600
2	\$1200 - \$1600	\$ 960 - \$1200
3	\$1800 - \$2400	\$1440 - \$1800
4	\$2400 - \$3200	\$1920 - \$2400
5	\$2820 - \$3700	\$2150 - \$2820
Each additional pre- coded question	\$ 450 - \$ 500	\$ 360 - \$ 450
Surcharge for each free response or open-ended question	\$ 300 - \$ 500	\$ 240 - \$400

*Must be predesignated in interview schedule, e.g., Los Angeles
city residents only, men only.

SPECIAL LAMAS CONSULTATION

The costs outlined above are designed to cover the fielding, editing, coding, cleaning, and processing of a fully developed set of questions submitted by the client. Center staff are available on a consulting basis to clients who need or would like special assistance with the developmental aspects of their research. In this case, the client will deposit an additional amount with the Center, apart from question costs as outlined above, to be used for special developmental purposes.

For further information, call LAMAS director at (213) 825-0711.
